IQubz Hospitality CRM

Consolidate. Compete. Win.

WORKS THE WAY YOU DO: Rich CRM capabilities within a native Microsoft Office experience

Use IQubz Hospitality CRM directly within Microsoft Outlook to send and manage email, store business contacts and manage your calendar.

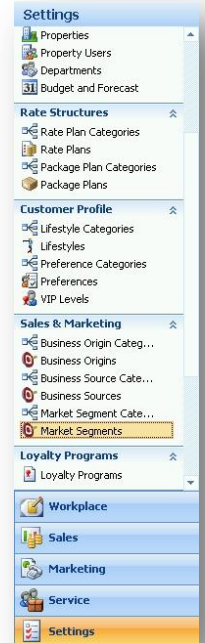

- **Centralize customer information.** Establish a single view of customer relationships across your hotel organization.
- **Schedule appointments and meetings.** Access sales opportunities, campaign offers, and account sales history within each appointment.
- **Unify customer email and responses.** Automatically capture entire discussion threads within your customer history.
- **Configure My Workplace.** Select the workplace profile that delivers instant access to your customer information and activities.
- **Take your customers everywhere.** Get full access to your sales and marketing information on your laptop or mobile device with offline availability and enhanced data synchronization.

WORKS THE WAY YOUR HOTELS DO: Consistent processes with accurate insights

IQubz Hospitality CRM is designed for hotel organizations to meet your unique business needs.

- **Streamline business processes.** Transform repetitive tasks into powerful business workflow.
- **Fuel your sales engine.** Plan, implement and monitor multi-tiered sales and marketing campaigns that generate new sales.
- **Target your marketing efforts.** Use intelligent list and segmentation tools to effectively reach prospective guests, corporate accounts, and travel agents, while reducing ineffective marketing spend.
- **Measure campaign effectiveness and revenue impact.** Know which offers and marketing efforts generate results by tracking response rates, interest levels, and closed business from each campaign.
- **Drive guest loyalty with effective rewards programs.** Streamline loyalty program business processes related to member enrollment, reward management, redemption management, and promotion management.

WORKS THE WAY TECHNOLOGY SHOULD: Fast to deploy, simple to customize, and easy to manage

Spend less time managing infrastructure and more time delivering business value with IQubz Hospitality CRM.

- **Monitor the health of your CRM environment.** Troubleshoot and resolve potential conflicts on your server infrastructure with centralized management and notification tools.
- **Zero footprint and zero-touch clients.** Zero footprint browser client provides a rich CRM experience with full application capabilities.

System Requirements

- Microsoft Windows Server™ 2003 or 2008
